ALDER & ROW

Make room for better living

A renovation guide for homeowners

PORTFOLIO DEMO

WHAT WE REMODEL

Start with the room you use most

Kitchen

Make prep, storage and cleanup easier.

Bath

Improve lighting and choose durable finishes.

Living spaces

Connect rooms with consistent materials.

Know what happens next

01

Walk the space

Show us what gets in your way and decide what matters most.

02

Agree on a plan

Review the scope, materials, estimate and schedule before work begins.

03

Review the build

Follow progress updates and check the finished work together.

KITCHEN REMODEL CONCEPT

A clearer path through the kitchen

The brief

A crowded counter and narrow aisle made it hard to prep dinner.

The design response

Group tall storage on one wall, clear the aisle and light the prep counter.

PORTFOLIO DEMO / CONCEPT IMAGE

What shapes the estimate?

Scope	Which rooms and surfaces are included?
Materials	Which finishes are available and within budget?
Existing conditions	Will we need to move plumbing, wiring or walls?

YOUR FIRST WALKTHROUGH

Bring three things

- A few photos of the room
- Your must-haves
- Your ideal timeline

Then we can talk through the scope together.
